

## **Introduction and Backgrounder**

The Centre for Climate change and Advisory is the result of the concerted efforts and vision of incubating mother Institute Dr.MCRHRDI AP under the strategic guidance and Vision of Dr. VP Jauhari Centre Chairman and Director General of the institute on date .

The Institute has recently on 19-9-09 inaugurated and set up a Centre for Climate Change & Environmental Advisory Services to develop expertise and knowledge on issues relating to environment and climatic change. Building capacity for the centre to offer integrated support to govt. for policy support, strategy development, training, action research, knowledge management here locally as an COE and a CIC (Climate innovation Center )as per UNFCC for the Central and State Government for support in the areas of:

- ❖ **Strategy development,**
- ❖ **Training,**
- ❖ **Action Research and**
- ❖ **Knowledge Management.**
- ❖ **Centre of Excellence with Advisory**
- ❖ **End to End Scoping to Execution with O&M capacity/capability building.**

### **Vision**

CCCEA strives to be a world-class environmental advocacy and think tank institution to provide services in environmental management and climate change in Andhra Pradesh and in other states in India.

### **Objectives**

- Act as a think tank and help translate government goals, objectives and policy priorities in climate change and environmental management and reform agenda into tangible policy and climate change adaptation actions by AP.
- Provide technical support and advisory services to state, municipal, local governments, national and international organizations in the areas of climate change and environment.
- Create a knowledge hub and document best industry practices and models in climate change and environmental management
- Create and house technology and GIS enterprise in climate change and environmental management.
- Provide a platform for Industry and others for carbon trading and carbon credits modelling and provide environmental economic models for adaptation by Industry and other agencies
