

**CENTRE FOR CLIMATE CHANGE &
ENVIRONMENT ADVISORY**

Annexure II

Calendar of Training Programmes in CCCEA

The training programs offered at the centre are designed- encompassing the objectives of the National action Plan on Climate Change (NAPCC) and Eight National Missions- to help participants understand the synergy between Governance, technology, Economy and Environment in combating Climate Change. The programs are designed to facilitate a two-way process of translating the international, national and regional policy framework into an action plan and simultaneously getting a feedback from the execution level for policy recommendations and reforms. The programs are customized to meet the training needs of personnel in wide range of constituencies of the society.

S.No	Revised Title	Schedule Dates	
		From	To
1.	Energy Options for the Abatement of climate change	13-May-10	15-May-10
2	Socio-Political Implications of Climate Change	17-May-10	19-May-10
3	Public Health Implications of Climate Change and Adaptation Strategies	27-May-10	29-May-10
4	Environment Protection and APWALTA Act	7-Jun-10	9-Jun-10
5	Urban infrastructure planning and its impact on climate change and environment	28-Jun-10	30-Jun-10
6	Conservation of Water bodies to mitigate the impact of climate change	5-Jul-10	7-Jul-10
7	Environment Protection and APWALTA Act	12-Jul-10	14-Jul-10
8	Green building concepts for LEED certification - climate change	22-Jul-10	24-Jul-10
9	Reducing Carbon Emission Intensity in Economic Growth: Role of Governmental and Private Sectors	29-Jul-10	31-Jul-10

10	Sustainable sanitation plans for emerging urban settlements	03-Aug-10	05-Aug-10.
11	Environment Protection and APWALTA Act	23-Aug-10	25-Aug-10
12	Carbon Trading through Emission Reductions in Power Sector Projects	30-Aug-10	1-Sep-10
13	Energy audit and conservation practices for enhanced energy efficiency	7-Sep-10	9-Sep-10
14	Sustainable Habitat Management in Urban Areas	16-Sep-10	18-Sep-10
15	CDM Opportunities in Waste Disposal and Solid Waste Management	27-Sep-10	29-Sep-10
16	Livestock Management in the Context of Climate Change	6-Oct-10	8-Oct-10
17	Role of Media and Civil Societies in Combating Disasters and Climate Change	12-Oct-10	14-Oct-10
18	Urban Watershed Management to Combat Climate Change	21-Oct-10	23-Oct-10
19	Eco-Friendly Mining Strategies	28-Oct-10	30-Oct-10
20	Sustainable Natural Resource Management	10-Nov-10	12-Nov-10
21	Urban Mobility and Sustainable Transportation to Combat Climate Change	18-Nov-10	20-Nov-10
22	Sustainable Rural Development Practices	25-Nov-10	27-Nov-10
23	Climate Change: Adaptation Strategies for IT Sector	2-Dec-10	4-Dec-10
24	Impact of Climate Change on Banking and Insurance Sectors	8-Dec-10	10-Dec-10
25	Mitigation of Climate Change through Agriculture (MICCA) and Forestry (REDD)	20-Dec-10	22-Dec-10
26	Corporate Social Responsibility to Combat Climate Change	27-Dec-10	29-Dec-10

27	Integrated Tribal Development in Adaptation to Climate Change	5-Jan-11	7-Jan-11
28	Greening Small and Cottage Industry Businesses	18-Jan-11	20-Jan-11
29	Energy Audit of Lift Irrigation Projects	27-Jan-11	29-Jan-11
30	Environmental Governance to Combat Climate Change	03 Feb-11	05 Feb- 11
31	Resource Use Efficiency in Industry	9-Feb-11	11-Feb-11
32	Green Audit of Establishments and Carbon Balancing	15-Feb-11	17-Feb-11
33	Integrated Water Resource Management as an Adaptation to Climate Change	22-Feb-11	24-Feb-11
