

**CENTRE FOR CLIMATE CHANGE &  
ENVIRONMENT ADVISORY**

**Annexure III**

**Project proposals**

The centre is planning to undertake the action research and strategy building projects in various climate sensitive sectors. Along with CCCEA the MCR HRD IAP has other centres that have expertise in their respective fields and have the potential to compliment the work of other centres. Thereby they can contribute significantly and create synergy for successful handling of the projects on climate change. the following are the projects submitted for sanction to various agencies .
